Good teaching and great discipline are the main keys to improve mental strength... In first try, I would pass the IMU CET exam with 13971 rank. Navpath academy leads a great role for this achievement.

IMU CET 2026 · AIR 816

I joined NavPath right after +2, and the Captain-led mentoring changed everything. Weekly mock tests and real navigation examples made the IMU CET feel familiar on exam day — I cleared with All India Rank 816. Truly the best coaching in Kerala.

As a girl aiming for the Merchant Navy, I wanted mentors who took my goal seriously — and NavPath did. Small batches, honest guidance and serving officers who answered every doubt carried me to AIR 5164. I'd recommend it to any girl with this dream.

If you are serious about a career in the Merchant Navy, Navpath Academy is easily the best choice in Kerala. What truly sets them apart is their faculty—having active sailing captain and active sailing officers guide you makes a massive difference. They don't just teach from a textbook; they explain concepts using real-world navigation examples, which makes learning so much more practical.

As parents we were unsure about the Merchant Navy path. Capt. Robin and his team sat with us and explained everything honestly — no false promises. They guided our son through IMU CET to his rank and gave our whole family real confidence in the journey.
